E. H. POLLARD, Esq. The Schome of a Local Bank for this Colony with Branches at the most important places in China, has been in contemplation for a very long period.

The local and foreign trade in Hongroug and at the open ports in China and Japan has increased so rapidly within the last few years that additional Banking facilities are felt to be required.

The Banks now in China being only branches: of Corporations whose head quarters are in Eng-land or India, and which were formed chiefly

and varied than in former yours.

This deficiency the Hongkong and Shanghai
Banking Company will supply, and will in fact
assume the same position with relation to this
Colony as the Presidency Banks in India, or the Banks of Australia in their respective localities.

The Establishment of a Mint in Hongkong, providing an adequate supply of proper currency, will render a local Banking medium essential t carry out its operations, and the almost certain

disappearance of the existing Compradorie system (so far as money is concerned) will also ensure Banks becoming in course of time the exclusive medium for the transaction of the monetary operations connected with trade. zed for the purpose of carrying on the Banking For the anticipated success of this enterprise and Exchange business, in all its branches, in there are therefore ample grounds; and the great prosperity which has attended the working of other local associations in China clearly shows Mexico; also, with the Atlantic cities, Europe, that the largest profits are obtained by those China, and the East In lies; for which it is pro- Public Companies which possess an interested local body of Proprietors or Shareholders whose With the view of giving to the business of the support naturally forms a chief element of romu-The Bank will commence operations simultane.

It is proposed to register, the Company as one of Limited Liability either under the Imperia Act or under any Ordinance which the focal Legialature may pass embling local Companies to do so, the property of the Company in the meantime being vested in the Trustees, and the Deed of Settlement of the Company, now in course of preparation, is being framed in accordance with this

The very counterable increase in the number of Vessels employed in what may be termed local trade, or in voyages that either originate or terminate, at Hongkong, in addition to the great quantity of tonnage visiting the Port from all quarters of the World, afford ample scope for the remunerative operations of Dock Companies, in addition to those which are already in existence. Application has been made to Her Malesty's Government with reference to obtaining a site for. the proposed Docks in the Colony, and the project has been favourably entertained, stops being in progress to facilitate this object, the necessary tung Foundry, at the Dock itself or to the unpreliminary inventigations as to the suitable character of the proposed site having been conducted;

and satisfactorily reported upon, by Mr. 8. B. Liberal support has been promised to the undertaking which it is contemplated must necessarily prove a very remunerative one. Further applications for Shares can till fur-
